#### **“You could be luckier”... Scarcity and Abundance**

A friend once said to me, “You could be luckier”. Initially, I was shocked, then annoyed, and finally I realized that she was probably right. So what is luck? Is it a question of belief, attitude, circumstance, or intention? Or is there something else to it?

Ask yourself, are you lucky? And what do your pictures of luck look like? Maybe you think in terms of beliefs such as “Beginners luck”, or “Some people have all the luck.” So many pictures describe lucky and unlucky people and situations.

The intention of this class is to look at the energy of luck, your pictures about scarcity and abundance, and what limits you from receiving luck, unexpected good fortune, or gifts from the Universe.

Learn some things maybe you hadn't seen before and bring them all together in your body.

## Clairvoyant Graduates

### 1-Day Workshop

#### **Your Dream: “When I grow up, I want to be ...?”**

Dreams are said to be the “Windows to our souls “. As a child, dreaming your future, how did you answer the question ,”When I grow up, I want to be ...?” And did it come true? As an adult, what would be your response today? Are you living that dream or not?

In this class, we will look at your dream of self, letting go of old dreams and fantasies which are now outdated, unearthing cherished lost and forgotten dreams, or creating new ones; to bring your vision of yourself into present time. And of course, we will say hello and goodbye to those roadblocks of days bygone.

So now is the time to re-energize yourself. Bring your dream back to life. And become that dream!

Rev. Deb Blackburn

Wednesday • Mar 07 • 7:30 - 9:30 pm

### 7-Week Course • \$345/355

#### **What are Your Belief Systems and Where Did They Come From?**

We all operate off of our core pictures based on belief systems. Sometimes we don't even realize that we're so influenced by these belief systems because they're very ingrained, but they determine our lives every day.

In this class you will look at and discover what your belief systems are, and whether you want to base your life on them. Some you might want to keep, some not. It is also very interesting to see where those belief systems came from -- some are your own, but some not. It might surprise you! A lot of healing will take place in this class.
